

Background	PLAN
<p>Puerto Rico has a lot of great places to visit that even residents of the island don't know how to reach or might not even know about. There is no clear description on how to reach these places except by either wondering about hoping to stumble upon it or know someone that has gone already.</p>	
Current condition	PLAN
<ul style="list-style-type: none">How to reach:<ul style="list-style-type: none">Go to nearest location that a gps will leave you at (usually wrong)Search for a place that is reasonable to parkEither ask around or have someone that knows the routeOther problems<ul style="list-style-type: none">Usually there is no signal in the routeThe entrances aren't always clearThe descriptions online are confusing at best	
Goal / Target Condition	PLAN
<ul style="list-style-type: none">Have a followable description of the routeHave more realistic gps markers for the start of the routeHave more realistic gps markers for the parking areasHave recommendations for visitors (time of arrival, behavior, clothing, etc.)	
Root Cause Analysis	PLAN
<ul style="list-style-type: none">People have a difficult time being able to visit local spots because of lack of informationWhen people find about these places they leave messes cause of the lack of recommendations of items bring and repercussions for not respecting these places.Current descriptions found online are not clear enough or not downloadable for when there is a lack of signal
