| 1. Identify a Problem   | PLAN |
|---|------|
| <ul style="list-style-type: none"><li>Some individuals want to have jobs done but from whom, they want to list a job that multiple people can apply, so that the user can choose whatever applicant fits best for the job. Be it simple jobs like mowing the lawn to professional work like filling out taxes.</li></ul> <p>User-&gt;post job-&gt;open applications-&gt; choose applicant<br/>Applicant-&gt; search job-&gt; apply for job-&gt; wait for response</p> |      |
| 2. Set the Target   | PLAN |
| <ul style="list-style-type: none"><li>The target is people that are unable to do these things themselves and create an ecosystem of people like this and applicants that want to do the job. Our goal is to successfully fulfill the needs of both parties.</li></ul>   |      |
| 3. Analyze the Causes   | PLAN |
| <ul style="list-style-type: none"><li>The problem occurs when people don't have time or skills to do a job that they have in mind, but do have the resources (monetary) to provide others to do the job.</li></ul> <p>A need-&gt; no skill/time-&gt;has resources-&gt; problem fixed</p>  |      |

| 4. Propose & Implement Countermeasures  | PLAN/DO |
|---|---------|
| <ul style="list-style-type: none"><li>The main countermeasure so that the problem is resolved is to connect every user in a social media like fashion where applicants must create pages with resumes and all users having a score system on how well they perform. So that way we know how each party gets fulfilled.</li><li>Other counter measure would be a legal contract that both parties must fulfill each part of their agreement.</li></ul> |         |
| 5. Check/Evaluate   | CHECK   |
| <ul style="list-style-type: none"><li>The first counter measure does work based on knowledge, you know what to expect from the other party, so expectations are realistic.</li><li>As for the legal document, you are legally bound to fulfill or face serious indictments.</li></ul>   |         |
| 6. Act and/or standardize   | ACT     |
| <ul style="list-style-type: none"><li>To keep the countermeasures to keep working there will be two stages of the process "Down" and a "Final". So, both parties will see each part of the agreement in two part so they confirm that each part is capable to fulfill their job.</li></ul>  |         |
